### **How Can YOU Help?**

Our goal is to create a safe, inclusive space where everyone is valued and heard. To ensure a safe space, you can...

- Encourage and respect feedback from attendees that have different ideals and social frameworks. Please be respectful and patient.
- Appreciate the difference between the impact and intention of your words and actions.
- Aim to learn from different perspectives. Ask questions and share with an open heart.
- Refrain from dismissing the ideas of others, especially when they don't align with yours.
- Report to staff through the chat box on zoom any misconducts or violations to these rules.
